**DEFENDANT’S STATUS REPORT REGARDING CORRECTIVE ACTION**

Pursuant to the Court’s December 17, 2019 order, the Government respectfully provides this status report apprising the Court of the results of the Army’s corrective action.

The Army’s corrective action in the Logistics Civil Augmentation Program (LOGCAP) V procurement is complete. The Army evaluated the reasonableness of the

cost-plus-fixed-fee contract-line-item numbers (CLINs) for each of the seven regions and the firm-fixed-price CLINs for each of the six regions with a firm-fixed-price component (excluding Afghanistan). The LOGCAP V Cost/Price Factor Chair documented the Army's evaluation in 78 separate determinations spanning more than 1,000 pages. The Army determined that each offeror's total proposed price for the cost-plus-fixed-fee CLINs is reasonable for each of the seven regions and each offeror's total proposed price for the firm-fixed-price CLINs is reasonable for each of the six applicable regions.

In light of its cost/price reasonableness determinations, the Army intends to proceed with the previously awarded LOGCAP V contracts on or after March 2, 2020.

Pursuant to the Court's December 17, 2019 order, in conjunction with this status report, we are also filing the contracting officer's memorandum regarding the price-reasonableness determinations, the aforementioned 78 memoranda by the Cost/Price Factor Chair, and a memorandum by the Technical/Management Team Lead. We will file this in a separate docket entry, under seal.<sup>1</sup>
